Treasurer's Office Cemetery Report

July 11, 2012

Cemetery Clean Up –reminder ran in All Saints newsletter and Carole put a notice on Baptist Church information board. Twenty one calls were made to individuals who continue to want reminder calls from us. No complaints were received in this office about the clean up.

The Cemetery books and name file box have been moved to the Town Clerk's vault and put in a locked cabinet for safety. David M. is looking at catalogs on map storage containers for us.

A lot owner came in on July 10th complaining about the fee Roger's Memorial was going to charge him for a foundation installation. He is buying the stone from an outside vendor. Also, the indivual would not give me his name and wanted me to "do something" about the amount of the fee. I said I would call Jay about it and spoke with him today. Jay explained the situation to me and will be present at the meeting today. I told the individual that I am a liaison for the committee and cannot make decisions. He is coming in again today to see what Jay tells me. I will refer him to the committee. (Heads Up!)

Sincerely,

Lisa Coope
