Village of Skokie

Teen*Link* Program

Uniting Residents & Seniors with Local Teens

The Village's Teen*Link* Program provides residents with names of teens willing to do various tasks – such as yard mowing, pulling weeds, raking leaves, and snow shoveling. Teenagers are needed year-round, but especially during heavy snowfalls.

Skokie residents often request assistance during harsh winters for snow shoveling and for lawn care in the summer. By providing your contact information to the Teen*Link* list, Skokie residents can be provided with a complete list of available teens in their area. The resident is responsible for contacting the Teen*Link* teenager and for making financial/scheduling arrangements. The Teen*Link* teenager is responsible for completing the task or notifying the resident if they are unable to complete the work.

The Village Teen*Link* Program has been connecting residents with Skokie teenagers for over 15 years. Many communities have implemented similar programs with limited success. The success of the Skokie Teen*Link* Program is a testament to our community's spirit.
