

Recreation Report to ABLC:

- HOC planning is well under way. This year we have been able to add professional photo equipment, including a new printer to help accommodate the larger numbers for pictures with Santa. Last year we took 189 pictures, this we year we hope to double that number. With the new equipment there is a dramatic savings in ink and paper cost.
- Fall basketball league has ended and preparations are under way for a winter league beginning in January.
- Our Zumba classes have really taken off; by attendance these are becoming the most popular classes we have ever offered. We will be implementing a third class to service the needs of our community.
- A participant from our Punt Pass and Kick, Tamorra Jackson, advanced to Regionals and could potentially compete at the Team level – that is the highest level available to participants before the National competition at the Super Bowl. Congratulations Tamorra!
- Our 2nd Annual Fall Family Fest will be held on November 14 in Bates Park again this year. We have all of the great activities from last year plus even more! If you would like to help with the event please contact Chris Orlea or Amber Popp.
- Our Jingle Bell Fun Run registration is underway and doing great. Our shirts are great this year; don't forget to stop by the Recreation Center and register!
