 Vehicle ___

Request: Repair to generator from surplus

Amount: \$50,000.00

Departmental
Ranking:

City Manager
Ranking:

Replace existing equipment: Yes ___ No
Year: Make: Mileage/Hours:

Justification: At the request of Mike Jones, our department was asked to budget for the repair of a non-functional generator purchased last year from a surplus auction. The generator would be installed at the Recreation Center and will need to have a pad poured and a gate installed for perimeter security. Staff is unsure if the amount will be sufficient for mechanical repairs and aesthetics that would need to be addressed at installation.

CM COMMENTS:

RECOMMENDATION: Emergency Management recommends repair and installation.
