Attachments: (Attachment description)

Summary Statement:

Staff’s long term plan for Freedom Park would be to accomplish the rest of Little League’s needs by adding two large baseball fields with a concession stand. Staff would like to see the pond finished, and add the following items: RV site, a large pavilion, some type of water play area like a splash pad, build a parks building on site for the maintenance department, extend the walking trail and add lights along the walking trail. These are just a few items that staff suggests. Staff would like the board to have input for the future of Freedom.

We would also like to discuss the long term plan for the Recreation Center. Staff has some ideas that we would like for the board to think about. With the growth that the Rec. Center has seen over the past two years, we would like to start talking about any future expansions now. For example, a fitness cardio room, racquet ball courts, a walking path around the whole complex, a child care room, a senior center and a playground for the summer camp to play on.

Recommendation:
