Summary Statement:

The HGAC grant awarded to the Parks and Recreation Department for cameras is almost completed. The cameras along with the electrical have been installed. The cameras should be in operation May 31, 2010.

Little League has paid to have safety nets which cover over the bleachers, this cost them around \$17,000.00, they have also bought a field maintainer to rake and smooth the fields at the cost of \$6500.00.

The contractor will be requesting the full release of the grass retainage in June.

Recommendation:

Staff will have recommendation next month on the grass retainage when Baker and Lawson provide documentation
