SUMMARY STATEMENT:

This plat was considered by the Planning & Zoning Committee on December 4, 2007.

This property is located in the City of Angleton's ETJ and is required to follow the policies of the City for subdividing.

The property is being divided into two separate lots for marketing purposes.

We've attached letters from Brazoria County and the Environmental Health Department stating they have no opposition to this subdivision.

=====
Recommendation: P&Z recommends approval of plat subject to staff comments.
