

## **June 2007 KAB Council Report**

### **Current Topics and Projects:**

\*Linda Labeth was welcomed to the last meeting. We are looking for a new member.

\*Lloyd has been helping with Liberty Garden banner supports in an effort to save us several hundred dollars toward new brackets. Bryson's drawings were not ready for the last meeting. Hopefully a sign can be selected and ordered at the next meeting. The Garden is near completion.....a few minor details and an inspection is left.

\*KAB will be supplying garbage and recycling containers for the July 4<sup>th</sup> celebration. Some of the members will show up to help with serving watermelon.

\*Goals and budget were set at the last meeting. Next year planting trees and contact with the schools are two priorities for the Board.

\*The Governor's Community Achievement Awards were announced and Angleton received second place in its category. A score of at least ninety got us recognition but no money. KAB nominated Exchange Club of Angleton for a Keep Texas Beautiful Award in the Civic Organization division for their Adopt A Spot efforts at Veteran's Park Gazebo and they received an honorable mention.
