SUMMARY STATEMENT:

TPDES Permit requires Storm Management Plan and related NOI to be submitted on 11 February 2008. The County Engineer office is leading a county effort to develop a standard plan; and weekly meetings are being held each Thursday. The County strongly wants all Storm Water Management Plans to be "highly similar".

Council can elect to

Assign staff to attend meeting with County and then adopt Storm Water Management Plan.

Attend meeting with County and develop own plan consistent with county

Develop own Storm Water Management Plan.

Certain aspects (storm drainage mapping etc) cannot be delegated and must be done within 4 years.
