Dear Robbie,

Thank you for the opportunity to submit our proposal for your equipment needs. **Pump & Power Equipment** appreciates your confidence in us to supply the best equipment and service available in the industry today.

Remote Wireless Monitoring System:

Lift Station #1

One (1) **Sensaphone SKYMETRY** Wireless Monitoring System. Each unit consist of One (1) **SKYMETRY** unit, One (1) Power Unit, One (1) 12V Battery Back-Up (36 Hour), and One (1) Surge Protector. Unit has eight (8) dry contacts N.O./N.C., 4-20mA Signal, LED Read Lights on the Front of Panel, & One (1) RS-232 Terminal Connection.

All components will be mounted inside NEMA 4X Stainless Steel Panel. 15' High Gain Coax and One (1) Foot Antenna to mount onside/inside lift station. Includes flex conduit and bulk head connectors for attaching to fiberglass packages. Lift Stations will need to have Dry Contacts for alarms to be reported back to the SKYMETERY unit. If the lift station does not have dry contacts they will need to be added to the station. Each lift station will need to be visited prior to order being placed to verify equipment needed prior to installation.

Cost of Installation & Equipment: \$ 4,200.00

Terms are net 30. No taxes are included. Prices firm for 30 days only. Note: Retainers are not considered as part of the terms of the quotation. Pump & Power Equipment will furnish Insurance Certificate upon request. The above quotation is subject to Pump & Power Equipment conditions of sale and the parties hereby signify that they have read and understand those conditions and agree to them.
