Keep Angleton Beautiful is a volunteer group appointed by City Council for the purpose of litter prevention, solid waste management and beautification. The board meets on the first Tuesday of each month unless otherwise noted. Members are expected to attend meetings and regularly scheduled functions throughout the year. Volunteers are expected to participate when available and have committed to a project. Members may be required to participate in activities in the evening or on Saturdays.

I understand that my appointment to the commission must be approved by KAB Commission and City Council. Although the commission is restricted to eight members, subcommittees form this commission will welcome additional volunteers.
