

## **February/March 2008 KAB Council Report**

### **Current Topics and Projects:**

\*I am glad to be back. Reports, surveys and the Governor's Community Achievement Awards entry have been completed. I am on the Keep Texas Beautiful awards committee and will go to judging next week. We should know our status before April 1<sup>st</sup>.

\*TXDOT planting/project is underway. It's great to actually see work starting.

\*The 11<sup>th</sup> annual spring Citywide Cleanup will be from 8:00 to 12:00 April 5<sup>th</sup>. We need help serving food and drinks. Hope you will be able to help out.

\*Stickers for blue bags have been ordered. The stickers will go out with the next water bill. Residents just place a sticker on outgoing recycling when they are ready for more bags. Bags will be in the collection truck and dropped at the door that day.
