ANGLETON INDEPENDENT SCHOOL DISTRICT.**

REQUESTED BY: Angleton ISD

SUBMITTED BY: Greg Smith

DATE SUBMITTED: 3/17/08 FOR THE AGENDA OF: 3/25/08

Expenditure Required: None

Attachments: Letter and Ordinance

SUMMARY STATEMENT:

AISD is requesting a variance the burning ordinance wish will allow them to burn the land clearing debris at the location off 523 for the new high school. The variance was not included on the annexation agreement. AISD had the budget for clearing set with burning as the method of disposal, since the property was not in the city limits when the budget was set. Robert Owens does not have a problem with the school burning at that location. The district will have to meet all of the TCEQ requirements of burning.

Recommendation: To approve the ordinance for this variance.
