

October Recreation Report to Mayor and Council:

- The Recreation Center has hired a fitness coordinator, Mrs. Rachel Alexander; we have many great ideas and are planning some type of membership drive for the beginning of the year.
- Our first round of Fall Swim lessons went off very well, and had a great response from the community.
- We are noticing a slight recovery from our revenue since Hurricane Ike and have high hopes to be back on the scheduled track very soon.
- Currently seeking a replacement maintenance custodian to fill a vacancy.
- We are holding a lifeguarding class and hope to bulk up our aquatic staff in anticipation of spring/summer 2009; this is to help us recruit swim instructors for our March/April instructor certification.
