

August Recreation Report to Mayor and Council:

- The recreation center is beginning its' fall programming; we are bringing back Pilates (twice weekly and Saturday mornings), and we have several youth programs starting as well.
- At the request of many patrons we are going to be offering swim lessons in the fall and spring as well as our usual summer lessons this year.
- We are currently planning for our fall Movie in the Park; this year we are going to have the event in November. Our plan with the change of date is to have the City offer an event for our older children outside of the Fall Festival hosted by the FD, instead of compete with it. We are planning to offer a picnic style event in the afternoon followed by a movie and popcorn at night. We will be showing, "Babe".
- We are exploring a franchise opportunity with Jazzercise; this is a very popular aerobic class, and we are very excited about the potential.
- Summer was a great success with total attendance of 40,403.
- To update council on the state of the Center after Hurricane Ike: the Center withstood the storm with very little damage. We had a few minor leaks that have been resolved, and no other issues to tend to. We were very fortunate, and have been proud to host the P.O.D. for the supplies issued to our community. The National Guard, Our Staff, and many volunteers from the area really pulled together and made the storm recovery as painless as possible for our City. We would like to thank everyone involved.

Work Performed by Parks Crew for the Month of July 2008
