Re: City of Angleton Project  
Henderson Road Sidewalk

Dear Greg:

Enclosed is the Bid Tabulation for the referenced project. As a reminder, we bid the Freedom Park Walking Trail and the Henderson Road Sidewalk projects in the same bid package so that we could receive better prices for a larger overall project. The tabulation is broken into the three lowest bidders and the three highest bidders. The tabulation for the Sidewalk is on the bottom portion of the bid tabulation. The bids were received with the base bid established for facilities utilizing "Red Dog Cinder" with concrete curbs. We also received alternate bids to (1) construct an asphalt facility with no curbs and (2) to substitute crushed granite cinder in lieu of the Red Dog Cinder. The low bidder for both projects is Total Site. This is the contractor currently constructing the Freedom Park facility. We have reviewed the bids and recommend that the construction contract be awarded to the low bidder, Total Site. I have attached a chart indicating the bid prices of Total Site for the various options for the Sidewalk. The City Council has the option of selecting whichever alternate type of facility they would prefer to fund.

Please contact me if you have any questions concerning this recommendation.

Sincerely,

Douglas B. Roesler, P.E.  
Supervising Engineer
