

I Ronald L. Strader of 1637 Athena Road  
am requesting a variance to be able  
to live in my RV for a period of 6 months,  
The reasons I am requesting this is due  
to damage to my home, which I am still  
waiting on judgement from the insurance  
company. The damage to the home is the  
foundation related which in turn has  
caused me to live in my RV. I was  
unaware of this city ordinance until  
~~January~~ the city had a complaint  
that my sewer line was smelling  
and the person who came by did not  
smell any sewage smell on May 18,  
2009. I had the main sewer line  
fixed about 2 months prior to this day  
I humbly am requesting this variance  
until I am able to fix these problems  
and get back on my feet, thank you
