

Recreation Report to Mayor and Council:

- The completion of summer 2009 was a huge success for our department. In the summer of 2008 we had 17, 462 visitors to the Recreation Center, for the summer of 2009 we saw 41, 451 visitors. I believe this is an indicator of the growth within our department. We are very pleased with such an obvious response to the hard work our department has put in.
- We have scheduled a grand opening for the weight room expansion for October 8th at 1pm. You will see an invite in your water statement, and those flyers can be exchanged for trial memberships offered to potential members or for passes for members to bring friends.
- Fall swim lessons begin next month and we are very optimistic to offer these for our second year.
- The Recreation Center is offering Zumba beginning in October. This class is in addition to our many new classes being offered as well, we have seen a huge community response to fitness.
- Special interest programming has risen this fall. We offer scrapbooking, card making, painting, and adult dance classes just to name a few.
- We have begun our Saturday aerobic classes and they are going very well.
- Basketball is going very well, playoffs will be next month.
