City's Community Development Outlines Meeting Format **Fairmount Neighborhood Plan**

The city's Department of Community Development is interested in assembling the collective vision of what the Fairmount neighborhood should look like in the future. Who better to ask than those who live, play and work in the area? The staff of the Community Development Department will be hosting a community meeting in the Fairmount School cafeteria. This meeting is scheduled for Thursday, April 21, 2011 beginning at 6:00 PM.

The staff will address land use trends, future land uses, development pressures, redevelopment opportunities, infrastructure, and housing and property conditions along with safety issues, transportation and other quality of life topics.

The department completed a parcel by parcel field inventory of both land use and property conditions in November. The field information has been mapped, analyzed and combined with infrastructure information that will be shared with residents attending the meeting. Qualitative data and feedback from area residents will be added to the quantitative data in an effort to get a depiction or model of what the neighborhood will look like in the future. For those wanting more information on the Fairmount Plan may go to <http://www.bristoltn.org>. For questions or comments please e-mail fairmountplan@bristoltn.org.
