As the applicant listed below, I hereby agree to have the subject manufactured home installed in accordance with the North Carolina Building Code(s) and any local Ordinance of Camden County.

I also understand that no inspections will be performed and no electrical utilities released, until all applicable contractors affidavits have been completed/notorized and filed with the Camden County Inspection Department. In addition, there will be properly constructed steps at least at one door for all inspections. There will be a port-a-potty on site before any work begins, as well as trash containment facilities. (NOTE: For new homes, submit manufacturers setup/installation manuals to the Inspection Department, **prior** to the inspection).
