League of Women Voters of Dearborn – Dearborn Heights Encourages Voter Participation

League Provides More Candidate and Voting Information Than Any Other Source

Dearborn – With Election Day a few short weeks away, the League of Women Voters of Dearborn / Dearborn Heights is proud to provide more voter-friendly information than any other election source.

VOTE411.org is a nonpartisan "one-stop-shop" for all election related materials that voters of Dearborn and Dearborn Heights need. VOTE411 prepares voters with more information about down ballot candidates and issues than any other voter resource. By entering your home address on VOTE411, voters can learn about offices and ballot questions they will be voting on, and compare candidate responses to League questions. They can find information on the federal, state and local races.

The League of Women Voters of Dearborn / Dearborn Heights are ensuring that voters in have all of the right tools before going to the polls. There are printed versions of the Voter Guides in public libraries, city halls and other sites around our communities. The State Voter Guide covers state-wide races such as Supreme Court and State Education Boards, and the Dearborn/Dearborn Heights Voter Guide covers Wayne County, State Representative, and local School Board races, and local ballot proposals. You need both to be an informed voter.

"Every competitive race is important," said Betsy Cushman, the Dearborn / Dearborn Heights League of Women Voters president. Judges make decisions which impact your lives, so you want the most qualified District, Circuit, Court of appeals and state Supreme Court judicial candidates to win. Read their responses to our questions, and decide for yourself...BEFORE you vote!"

"Voting is the one time when all citizens have an equal say in standing up for the issues and priorities that matter most to us and our community," said **Chris Carson**, president of the League of Women Voters of the United States. "No matter the outcome, this election will determine the future of our country and impact the lives of every single one of us."

To access all the latest information, go to www.Vote411.org, enter your address, and follow the links to your races.
