12-11 HOME OCCUPATIONS

- (a) Purposes. The purposes of these home occupation provisions are in recognition of:

 - (2) The need to guarantee existing residential property owners freedom from excessive noise, excessive traffic, nuisance, fire hazard and other possible adverse effects from commercial-type activities being conducted in residential areas;

- (3) The need of some citizens to use their place of residence for limited commercial type activities to produce or supplement personal or family income;
 - (4) The fact that certain limited home occupational uses can be useful to both the community as well as the residential-proprietor;
 - (5) The fact that the nature of the investment or operation of some activities have a pronounced tendency once started to rapidly increase beyond the limits permitted and thereby impair the use and value of residentially zoned areas for residential purposes; and
 - (6) The City's obligation to protect the integrity of its residential areas from activities that detract from the residential character of a neighborhood and infringe upon the rights of neighborhood residents.
- (b) General limitations. Uses permitted as home occupations shall be limited as follows:
- (1) Uses that are limited in extent;
 - (2) Uses defined in this chapter as customary home occupations or recognized professions,
 - (3) Uses that are clearly incidental and subordinate to the use of the premises for residential purposes;

Such activities shall be considered by definition either a conforming or a nonconforming commercial activity.

(d) Performance standards. In any legally existing dwelling unit or accessory structure, home occupations may be conducted, provided that they are in compliance with the applicable requirements of this section and the following performance standards:

- (1) Number allowed per residential unit. The total number of home occupations conducted within a dwelling unit is limited to one (1) Home Occupation.
- (2) Appearance. In no way shall the appearance of the residential structure or the premises be altered by a home occupation, and in no way shall the home occupation be conducted such that the structure or premises differs from its residential character by the use of colors, materials, premises layout, construction or lighting.

(3) Garage sales and yard sales. Home occupations do not include garage sales and yard sales.

(4) Home occupations involving classes or instruction. Retail sales, on premises, shall be prohibited except for the retail sales of merchandise, products, supplies or goods produced or fabricated on the premises as a result of the home occupation, provided that incidental retail sales may be made in connection with other permitted home occupations.

- b. (12) Adverse impacts.

- a. A home occupation shall not be permitted to produce any offensive noise, vibration, smoke, electrical interference, dust, odors or heat. Any noise, vibration, smoke, electrical interference, dust, odors or heat detectable beyond the property lines shall constitute a violation of the terms of this provision.
