Discussion open air market in the downtown area, wants to purchase shelters for the open air market, looked into the prices of the purchase. We need to change to way the resolution reads and bring back at another time. Each vendor will pay a price to sell and be responsible for their area, everything will be up for review before they are allowed to get a shelter.

MOTION by McDowell second by Jenkins to authorize the city attorney to formalize the final agreement for the purchase of property at 1410 Niedringhaus Ave.
