## **Hello Members,**

I am looking forward to a new season and I am hoping that the April showers are over and spring will be popping up soon.

It is also time for us to start planning our outdoor celebrations and barbecue with friends and family.

I am hoping that everyone here at GTSCA have both a safe and happy spring and summer.

**Thanks**

**Joanne Walsh, GTSCA President**

## **MEMORIAL DAY CEREMONY**

Join VFW Post 10380 for the annual Memorial Day Ceremony at the beautiful Veterans Park Plaza. Everyone is welcome to attend this free family event

## WE WELCOME YOUR SUGGESTIONS!

In the future, the Board members are thinking about everyone showing their membership cards at the Monthly Membership Meeting in order to receive a free lunch. This will help in everyone getting their fair share of the meal. If anyone has any other suggestions, on this please put your suggestions in writing and give them to the front desk Volunteer.

## ANNIE OAKLEY

**FRIDAY MAY 18 – @1:00PM**

Come to the GTSCA and see a presentation on Annie Oakley, presented by Joyce Browning.

**Annie Oakley** (born **Phoebe Ann Mosey**; August 13, 1860 – November 3, 1926, in Willowdell, Ohio) was an American sharpshooter and exhibition shooter. Her amazing talent first came to light at 15 years old, when she won a shooting match, against traveling-show marksman Frank E. Butler, whom she later married. The couple joined Buffalo Bill's Wild West Show a few years later. Oakley became a renowned international star, performing before royalty and heads of state. Annie died November 3, 1926, in Greenville, Ohio.

## THE HEALTHY BRAIN FOR LIFE PROGRAM

Join Us for the: The Healthy Brain for Life Program:

A Six Week class starting Tuesday, May 1<sup>st</sup> and going through **June 5th from 6:30pm—8:00pm**. The class is free & open to non-members.

This just released program takes a 360-degree perspective on brain aging and brain health. We have more control over aging losses and the health of our brain than we ever realized. 70% risk of developing dementia is due to lifestyle habits and chronic disease.

The Brain Health Program includes information on normal aging changes our brain sustains, along with medication management; the effects of lifestyle habits like smoking and drinking; effects of chronic diseases, such as diabetes and heart disease; and, the key to offset these effects through living a brain healthy lifestyle.

Integrating a brain healthy lifestyle (physical exercise, mental stimulation, nutrition, socialization, sleep, and stress reduction) into your life will optimize your everyday brain function, build brain resilience and help delay the onset of dementia. Learn How to change your brain.

Each session is one-hour long. Supporting material, activities to incorporate at home, resources and references are all included.

## THURSDAY NIGHT SUPPER CLUB
