February 10, 1959

Board of Commissioners  
Town of Lake Lure, N.C.

Gentlemen:

We respectfully request that the Duke Power Company be allowed to trim a right-of-way to protect the power and telephone lines on the West side of the Washburn Road for a distance of approximately 300 yards. across the road from our home site.

Also, we would like to have some of the taller trees removed or topped in this area, in order to afford a better view, if there is no objection from anyone concerned.

In doing this, we are concerned that no damage be done to the Town's property and that no evergreens or dogwood be destroyed. Therefore, any work of this nature could be supervised by a member of the Town government, with the understanding that no expense shall be borne by the Town.

I am, Thanking you very much for this consideration,  
Yours truly,

J.A. Riddick.

At Mr. Riddick's request, As a resident of the area,  
I have reviewed the proposition and agree.
