Village Board Approves Alternate-Side Street Parking Policy

LINCOLNWOOD, IL – On October 1, 2009 the Village Board unanimously approved amendments to the Village Code that will require residents to follow alternate-side street parking regulations during snow events when two inches or more of snowfall occurs. This means that on even-numbered days of the month, between the hours of 8:30 a.m. and 3:30 p.m. Monday-Friday, motor vehicles may only be parked on the side of the street with even-numbered addresses and on odd-numbered days of the month, between the hours of 8:30 a.m. and 3:30 p.m. Monday-Friday, motor vehicles may only be parked on the side of the street with odd-numbered addresses. The policy will go into effect beginning this winter. Implementation of the policy will allow the Village's Public Works Department to remove snow and ice from roadways all the way to the curb, rather than having to make several trips down each street as cars are moved away from the curb. This will allow for the more effective and efficient use of staff time and create a safer driving environment.

If you have any questions concerning this policy please contact the Public Works Department at 847-675-0888.
