**The Class of '68**

The Class of '68 began in 2002 as the Rob Ross tribute band to celebrate a birthday for one of Steve Wild's closest friends. In the process, Steve met Woody Johnson, who volunteered to sing with a guy who hadn't played in thirty years! The event re-kindled a love affair with 1960's music in both and gave birth to the Class of '68, a band dedicated to the "Golden Age of Top 40." With the addition of other's who share the passion, the band is one of the few whose members actually played 1960's rock and roll in the 1960's at some of the Chicago areas most popular venues including the Cellar, the Green Gorilla and the Pink Panther.

August 19th

**Rica Obsesion**

Rica Obsesion's passion for Salsa, which is vigorously projected through their musical selections from artist like Spanish Harlem Orchestra, the late Frankie Ruiz, and Soneros del Barrio is undeniably strong. Rica Obsesion also performs a variety of music such as Mergenes by Olga Tanon, Melina Leon, and cha cha cha's by the late Ttio Puente and many Latin jazz tunes. Rica Obsesion's ultimate goal is to show their love for music in their performance, to see and feel the excitement of the audience on the dance floor. With a combination of great music and the best musicians in Chicago, Rica Obsesion is confident that their goals will be achieved and that they will be able to put Chicago back on the map for Salsa.
