HYDRANT FLUSHING

The City of Lockport will begin hydrant flushing April 4th, 2011. The flushing will begin on the furthest east side of Lockport east of Cedar Road and continue to the west until completed. Signs will be posted a few days before in the area the City will be flushing. Avoid doing laundry while flushing is in progress in your area. Flushing of the water mains is crucial to maintaining the water quality by removing sediment build up in the lines. The City apologizes for any inconvenience during this process. Updates will be posted on the City of Lockport website www.lockport.org.
