~ A Green Home ~

Gerald Checco, guest lecturer

Thursday, October 15, 2009

6:30 - 8:30 pm

Montgomery City Hall

10101 Montgomery Road

Additional parking in Kroger lot south of City Hall

Practical tips to lower your utility bill,
reduce energy usage, and make your
home more comfortable and healthy

Easy DIY energy saving steps that will save you money

Limited seating available. Please call for reservations
513-891-2424 or www.montgomeryohio.org

Hosted by City of Montgomery Environmental Advisory Commission

Local residents can learn ways to save energy and reduce their energy bills at "A Green Home" a free energy efficiency presentation.

Energy expert and guest lecturer, Gerald Checco, Superintendent of Park Operations for the Cincinnati Parks Board, will provide useful information on ways to lower energy costs by making simple adjustments around the house.

Discover what uses the most energy in the home and how to achieve significant savings on power bills.

Learn how to identify products that use less energy and how electricity "vampires" are sucking the life out of your household energy budgets.

A Green Home will promote energy efficiency techniques for existing homes from insulation and air sealing to window and appliance choices as well as simple life style changes that will save money.

The two-hour workshop is 6:30 - 8:30 pm on Thursday October 15 in Montgomery's City Hall, 10101 Montgomery Road.

The event is free and open to the public. Limited seating available. Register by calling 891-2424 or www.montgomeryohio.org
