**City of Montgomery (Montgomery, OH) - Fire Department Hosts Fire Safety Poster Winners for Lunch**

Each year during Fire Prevention Week (FPW) the City of Montgomery Fire Division visits Montgomery Elementary school to talk to the students about Fire Safety. In addition to the normal FPW programs offered to each grade level Mark Stagge, Fire Marshall, coordinates participation from grades K-2 in a Fire Safety Poster.

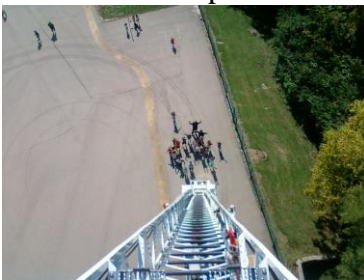

This year, 192 entries were submitted from 13 different classrooms. Each student that enters the contest receives a fire safety certificate. One winner from each classroom receives a special gift and the grand prize winners from each grade were invited, along with their parents and siblings, to have lunch with the firefighters at the Montgomery Safety Center on October 22<sup>nd</sup>. This year's Fire Safety Poster Contest grand prize winners were Isha Matta from the kindergarten class, Cami Mathews from first grade and Lily Armbruster from 2<sup>nd</sup> grade. All 3 grand prize winners, Isha, Cami, and Lily were able to attend the luncheon along with their families and enjoyed time with the firefighters, a tour of the facility and the opportunity to display their posters.

The next couple of pages contain some additional pictures of fire prevention week, poster pictures, and the fire station luncheon.

Always remember to stop, drop and roll and, also remember when there's smoke go low to the ground.

Be sure to know the escape routes if there is a lot of smoke stay low the air is cleaner near the floor.

Stop drop and roll

Never play with fire.
