### **FOR IMMEDIATE RELEASE**

#### *(MONTGOMERY, Ohio)* – **City Unveils Economic Development Tool**

Businesses looking to locate in the City of Montgomery have a tool at their disposal intended to make their search easier.

The City of Montgomery recently developed and released a listing of all the available commercial space for lease or purchase on the City's website. This listing will be continually updated when spaces are leased and sold or new commercial rental property becomes available.

Users will be able to find various listings for all kinds of retail spaces ranging from small individual office space to retail stores, medical offices and restaurants.

This office and retail space inventory includes such information as available square feet, rental rate or asking purchase price, and contact information. The tool also includes a link for building descriptions and an aerial Google map marking the available spaces. The site can also be used to compare all the space currently available for lease or purchase in the City.

“The City is proactively taking the necessary steps to attract new business which ensures continued economic and community stability. This tool is an example of assisting and attracting new businesses and helping other businesses locate space in which to expand. The City also understands that in order to be vibrant, economic development is not just a local concern, but requires a regional approach and cooperation,” observed City Manager Cheryl A. Hilvert.

The listing can be viewed at the City's website, [www.montgomeryohio.org](http://www.montgomeryohio.org), under the “Business” tab. Property owners interested in posting leasable space on the City's website should contact Tracy Roblero at 792-8312 ([troblero@ci.montgomery.oh.us](mailto:troblero@ci.montgomery.oh.us)) or Frank Davis at 792-8347 ([fdavis@ci.montgomery.oh.us](mailto:fdavis@ci.montgomery.oh.us)).
