JULY 5TH PARADE PARTICIPATION POLICY

The City reserves the right in exercising its public safety responsibilities to limit the number of participants in its parade. Registrations will be accepted on a first come-first reserved basis regardless of your group or organization's past participation in the parade.

Parade participants must follow the directives and orders of the Montgomery parade officials, the Montgomery Police Department, the Montgomery Fire Department, and other law enforcement and fire departments providing mutual assistance to the City Departments in the assembly and marching/driving or other transporting before, during and after the parade.

Under no circumstances may an individual or organization participating in the parade display or depict any obscenity or obscene gesture, advocate any criminal activity, discriminatory activity, any slanderous or libelous message, or advocate any activity which may be offensive to a person of reasonable sensibilities. Parade participation shall not be denied solely based upon the nature of the organization itself, but participation in the parade may be denied in advance or during the parade if any organization violates this particular rule.

Any person or group of persons violating these rules may be removed or excluded from parade participation and/or barred from participating in future parades.

The City controls the right to delay or terminate the parade at anytime if the City believes it is necessary to preserve the public health, safety and welfare.

The City shall not be responsible to reimburse any organization or person for any expense they have incurred in preparing for, traveling to, or participating in a parade as a result of any cancellation or delay in the parade, or the organization or person being removed from the parade.

The City is not responsible for any damage to person or property suffered by any participant in the parade. By submitting your application/registration for the parade, you agree on your behalf, and on behalf of all persons participating in the parade through your organization, to abide by these rules, assist the City in the enforcement of these rules, communicate these rules to those persons participating within the parade through your organization, and to assume the responsibility for the safe and orderly participation in the parade among your organization's parade participants.
