

# Roads and Traffic

---

---

**VISION:** To Improve the economic and social well being of all the citizens of Mooresville

**MISSION:** To enhance the quality of life of the citizens of Mooresville by providing valued government services and directing well planned growth and development.

**VALUE STATEMENT:** We are professionals who are accountable to our citizens, serving them as a cohesive team committed to honesty, integrity and fairness.

**PRIME FOCUS:** We serve our citizens

## Goals

To improve Mooresville's roads and transportation network.

## Objectives

- ◆ To improve citizen satisfaction with roads and transportation as measured by the Citizens Survey.
- ◆ To implement additional infrastructure from the Town and developers.

## Strategies

1. Evaluate and, as appropriate, implement recommendations of the Traffic Task Force.
2. Continue to seek Mooresville's fair share of revenue from NCDOT and other sources.
3. Communicate with citizens on a regular basis about traffic issues, cost of improvements, and progress.
4. Require the development community to contribute land and improvements to support the transportation infrastructure.

## DEPARTMENTAL INFLUENCES

### **Administration & Finance Department**

- ◆ Manage the Town's debt and bond issuance (streets, recreation, TIF, Public Works, general obligation) and monitor and control interest expense.

### **Planning**

- ◆ Assure that new plans and development proposals are consistent with and supportive of land use, transportation, and economic plans formally adopted by the Town or the State of North Carolina.

### **Public Works**

- ◆ Rework sanitation routes to coordinate with growth.
