First Come, First Served Basis

If you didn't buy a rain barrel last year, you have another opportunity to purchase one during Water Week. On May 8th and 9th, the Town of Mooresville will be selling 60 and 80 gallon rain barrels at the Mooresville Police Department, located at 750 West Iredell Avenue.

Rain Barrels are a popular conservation option. They collect runoff from rooftops for irrigation and provide a way to sustain landscaping in times of drought and watering restrictions. **Water used from your rain barrel is water you do not pay for!**

The rain barrels are made in North Carolina from high density polyethylene. Each barrel comes with a brass spigot, two overflow valves that can be used to connect additional barrels, and a screen to keep out debris and insects.

We encourage you to reserve your rain barrel & place a Pre-Paid order no later than May 1st.

Call the Town's Business Office at (704) 663-3800 to place your order or for additional information.

Be sure to ask about "I Save Water" kits and save even more!
