Message:

I am voicing concern over the new rules regarding comitee representation. I see this decision as an insult to mayor Al Morgan as well as the title of being "Mayor of New Providence." This decision makes the role of the mayor obsolete and irrelevant. The councilmen (and councilwoman) have basically locked Mr.Moragn out of his own Municipal Building for the sake of having more power over a 3.5 square mile town. Before you say "oh but all the things Mr.Morgan had done without council approval caused this," I still ask how come you could not reach an agreement/issue a warning to the mayor. I completely understand that what he did was wrong and wreckless, but I still don't believe that the town council had the right to suppress the mayors 1st amendment right to voice his opinion (at a meeting). After all he was voted in by the people and the fact that he cannot represent the very people that got him elected is shameful. -Mark Elek -NPHS Student
