Niagara Falls, New York

RE: Pothole Killer

Council Members:

The Director of the Department of Public Works is recommending that Patch Management, Inc. be engaged once again this year to provide a pothole killer truck, an operator, and 250 tons of materials, service and support to the City to assist the City in the fight against potholes. GPS recordings of all repairs will be provided. This service will commence when weather permits and continue through June 30, 2018. The cost of this service is \$100,000.00. Attached hereto is a proposed agreement prepared by Patch Management Inc.

Funding is available from previously earmarked casino revenues in the road reconstruction capital account.

Will the Council so approve and authorize the Mayor to sign an engagement agreement satisfactory to the Corporation Counsel?

Respectfully submitted,

PAUL A. DYSTER
Mayor

Funding is in place

Daniel Morello
City Controller
