RE: Funding for OSC 21 operated by City of Niagara Falls School District

Council Members:

For the past several years the City has contributed the sum of \$10,000.00 to the Niagara Falls School District for the purpose of helping to defray the cost of the School District's operation of OSC 21. This service not only allows for training of high school students who may have an interest in pursuing careers in television and journalism, but also its presence at the City Council meetings makes the proceedings that occur at a City Council meeting available to residents who may not be able to attend a City Council meeting. It is requested that funding for calendar year 2019 be made available as well.

Funding is available from interest income earned on tribal revenue funds.

Will the Council so approve and authorize the Mayor to execute a funding agreement in form and content satisfactory to the Corporation Counsel?

Respectfully submitted,

PAUL A. DYSTER
Mayor

Funding is in place

Daniel Morello
City Controller
