BY: ALL COUNCIL MEMBERS

Agenda Item #4

I. SCOPE

This investment policy applies to all moneys and other financial resources available for investment on behalf of the CITY OF NIAGARA FALLS, NEW YORK [hereinafter "CITY"] or on behalf of any other entity or individual.

II. OBJECTIVES

The primary objectives of the CITY's investment activities are, in priority order:

1. To conform with all applicable federal, state and other legal requirements (legal);
2. To adequately safeguard principal (safety);
3. To provide sufficient liquidity to meet all operating requirements (liquidity); and
4. To obtain a reasonable rate of return (yield).

III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the City Controller who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a data base or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the CITY to govern effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

PURCHASE: LIBERTY PARK EQUIPMENT, KOMPAN PLAYGROUND EQUIPMENT

Agenda Item #1

It is the administration's recommendation that Liberty Parks AKA Lou "Big Lou" Park equipment should be purchased via the New York State Office of General Services Playground Equipment, and Related Products Statewide Contract. KOMPAN Playground Equipment is a qualified vendor as part of the statewide contract. The total amount that the Niagara Falls City Council is being asked to authorize is \$72,999.50.

The Liberty Park Project will not require any municipal general fund or casino capital fund revenue. The entire project, including the purchase of equipment and installation, will be funded by United States Department of Housing and Urban Development Community Development Block Grant (CDBG) grant funds. A total of \$200,000 in CDBG funds was allocated to this project via the 2017 Participatory Budgeting Process (PB360). The Niagara Falls City Council approved a \$360,000 CDBG allocation to fund PB360 as part of the 2017 Niagara Falls Community Development Action Plan. The City of Niagara Falls is only the second American city to use participatory budgeting, a process in which citizens directly vote on public projects, to allocate CDBG funds.

Safety surfacing installation is estimated at \$89,702 and general equipment installation is estimated at \$36,725, for a total project estimate of \$199,426. These expenditures will also be brought to the City Council for approval. Any contingency payments will be funded by CDBG rather than the City of Niagara Falls. The existing play structure will be replaced by the new facility but the swings will be left in place. This equipment will not add a new maintenance burden to the Department of Public Works, as there is already a need for maintenance now.

The proposed equipment is designed to offer physical activity and fitness opportunities to residents of all ages. Features include safety surfacing, pull up bars, push up bars, vertical ladders, horizontal ladders and a mobility course. In partnership with the Niagara Falls City School District, physical activity sessions will be scheduled throughout the summer months. Niagara Falls Community Development has applied to the New York State Health Foundation to fund programming at Liberty Park in 2018 and 2019. The Niagara Falls City Council is considering a resolution in support of this application at the January 31, 2018 City Council meeting.

The Liberty Park Improvement Project will transform a blighted park into a place for the community to come together with physical activity and fitness. The playground set has been in a state of disrepair for years and all other park amenities are aged considerably. The makeup of the community surrounding Liberty Park is largely residential and densely occupied. This project is part of our department's and the City of Niagara Falls' continuing effort to increase and improve youth facilities and services in our community. Improvement at Liberty Park are consistent with the adopted Niagara Falls Parks Master Plan.

Will the Council vote to so approve and authorize the Mayor to execute a contract for the purchase and limited installation of this equipment, in a form acceptable to the Corporation Counsel?

Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

NFURA: THIRD STREET PARKING LOT, CITY GROUND LEASE, AMENDMENT

Agenda Item #3

By lease dated October 11, 2016, Niagara Falls Urban Renewal Agency leased to the City the parcel of property on the west side of Third Street owned by NFURA and known as the Third Street Parking Lot. The lease runs through 2036, and can be extended by mutual assent through 2056. The lease allows the City to operate the parking lot, and requires the City to maintain the lot. This lease memorialized the fact that the City had been maintaining and operating the parking lot for some time. Attached (on file in the City Clerk's Office) is a copy of that ground lease.

The ground lease excluded the southerly portion of the lot adjacent to the Jefferson Apartments. That portion of the parcel has been leased by NFURA to the Jefferson Apartments owners since 1975, with the current Jefferson Apartments lease dated September 22, 2000. The current lease runs to January 1, 2026.

The Jefferson is negotiating a new parking pass arrangement with the City, and has requested a cancellation of the Jefferson Apartments lease with NFURA contingent on the Jefferson Apartment owners negotiating a parking pass arrangement with the City. The NFURA Board of Directors will be considering this request during its meeting on January 29, 2018.

On January 29, 2018, the NFURA Board of Directors will also consider an amendment to the City-NFURA ground lease for the Third Street parking lot, to include the land formerly leased to the Jefferson Apartments owners. The amendment is contingent on approval and signing of a parking pass agreement between the City and the Jefferson Apartments owners.

Will the Council vote to approve the City Ground Lease amendment to include the land formerly leased by NFURA to the Jefferson Apartment owners as set forth herein, to take effect only upon the City and Jefferson Apartment owners executing a parking pass agreement, and authorize the Mayor to execute any documents necessary to effectuate the same?

DISCOVER NIAGARA SHUTTLE: FUNDING

Agenda Item #4

It is requested that the City contribute the sum of \$100,000 to support the continued operation of the Discover Niagara Shuttle for the 2018 season. During its first two years of operation, almost 70,000 riders have used the shuttle to access over a dozen destinations between downtown Niagara Falls and Fort Niagara. A recently released economic impact study by the prestigious Tripp Umbach firm showed a \$35 million impact for the shuttle, for a return on investment of approximately 43 to 1.

The New York Power Authority, State Parks, Destination Niagara, Niagara University and Niagara County are already lined up as 2018 sponsors. It is believed the willingness of the City to make a contribution is essential to getting other sponsors to contribute. The project has bipartisan support, as demonstrated by the presence of both Congressman Brian Higgins and Congressman Chris Collins at a press conference where the results of the impact study were released on December 4th.

Funds are available from the Tourism fund, supported by bed tax revenues. No general fund dollars are involved.

CONTRACT: GILL CREEK PARK/HYDE PARK BASKETBALL END GOALS/BENCHES, PURCHASE OF PARK EQUIPMENT, NYS CONTRACT

Agenda Item #3

It is the administration's recommendation that the purchase of four adjustable basketball end goal/pole systems and four benches be purchased via the New York State Office of General Services Playground Equipment, and Related Products Statewide Contract. GAMETIME Playground Equipment is a qualified vendor as part of the statewide contract (NYS CONTRACT PC 67834). The total amount that the Niagara Falls City Council is being asked to authorize is as detailed below.

| Item | Cost |
|------------------------------------------|--------------------|
| (4) Four Adjustable Basketball End Goals | \$7,797.60 |
| (4) 8' foot aluminum | \$1,235 |
| Estimated Freight | \$1,126.83 |
| Total | \$10,159.43 |

Installation of both the Hyde Park and Gill Creek Park Basketball Ball Courts will not require any municipal general fund or casino capital fund revenue. The entire project, including the purchase of equipment and installation, will be funded by United States Department of Housing and Urban Development Community Development Block Grant (CDBG) grant funds. The Niagara Falls Department of Public Works will be tasked with creation of the courts and installation of the equipment. Both park courts will mirror the size of the 70th Street Park Basketball Court, refurbished in 2017. The community will be consulted on final place of both courts. To be consistent with our Crime Prevention through Environmental Design (CPTED) principles, the Hyde Park court will be placed off of Hyde Park Boulevard and the Gill Creek Park Court will be placed off of Royal Avenue. The court surfaces will also be muralized, in partnership with the Niagara Falls City School District.

The community directly voted for both of these location specific improvements as part of 2017's Participatory Budgeting (PB360) Project. The Niagara Falls City Council approved the PB360 Budget as part of the 2017 CDBG Action Plan. A new basketball court at Hyde Park also helps offset the removal of the smaller basketball court at Jerauld Avenue Park, as part of that park's ongoing improvement project.

This project is part of CD and the City of Niagara Falls' continuing effort to increase and improve youth facilities and services in our community.

CONTRACT: HYDE PARK INCLUSIONARY PLAY PROJECT, EQUIPMENT

Agenda Item #4

It is the administration's recommendation that Hyde Park Inclusionary Play Project Equipment should be purchased from KOMPAN Playground Equipment, consistent with United States Department of Housing and Urban Development procurement guidelines and the New York State Office of General Services Playground Equipment, and Related Products Statewide Contract. The total amount that the Niagara Falls City Council is being asked to authorize is \$113,803.50

The Hyde Park Inclusionary Play Project will not require any municipal general fund or casino capital fund revenue. The community directly voted in favor of the Hyde Park Inclusionary Play Project as part of 2017's Participatory Budgeting (PB360) Project. The Niagara Falls City Council approved the PB360 Budget as part of the 2017 United States Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) Action Plan, including a \$75,000 CDBG allocation for this project. The Niagara Falls City School District was recently awarded a \$50,000 grant from the John R. Oishei Foundation in support of the capital portion of the Hyde Park Inclusionary Play Project. Both the CDBG and Oishei Foundation funds will be dedicated to the purchase of equipment. Niagara Falls Community Development will allocate competitive New York State Heath Foundation, and Ralph C. Wilson Foundation funds to equipment installation. The entire project is estimated at \$220,000, including purchase of equipment.

The Hyde Park Inclusionary Play Project will create a special public space for children of all abilities connected to the existing Hyde Park Playground, constructed in 2016. We asked our residents what they wanted and they told us. NFCD has partnered with the Niagara Falls City School District Committee on Special Education, EMPOWER Niagara, the Niagara Falls Youth Board, Niagara University and Kompan Playgrounds to design an inclusionary play space to exceed ADA compliance. The City of Niagara Falls, like many communities, does not have a specific public space designed for, and by, children with special needs. ADA compliance alone does not send an open invitation for free play to all children, especially those with special behavioral needs.

Hyde Park is the second largest municipal park in NYS and is reachable (walk/bike/public transit) for a majority of Niagara Falls' residential neighborhoods. Four public schools (Niagara Street Elementary, Hyde Park Elementary, Gaskill Preparatory and Niagara Falls High School) and all located within 1 mile, totaling 3,494 students. Currently, 315 PK-12 school district students with an Individual Educational Plan (IEP) receive a motor skills based therapy (physical or occupational) and 432 have a Section 504 Plan that targets behaviors that impacts their learning and attending tasks. Many local students with an IEP are classified as having an intellectual disability, autism, emotional disturbance, or other health impairment, often ADHD. Kompan, and our stakeholders, designed the inclusionary space to directly benefit these groups, while making it an enjoyable free play space for all children. Additionally, students working with learning disabilities, and speech or language impairments will also benefit from having an environment that is specifically designed to promote socialization, and build confidence through equipment that is developmentally appropriate, but varies in the degree of difficulty for all to navigate.

This project is part of CD and the City of Niagara Falls' continuing effort to increase and improve youth facilities and services in our community.

Will the Council vote to so approve and authorize the Mayor to execute a contract for the purchase this equipment, in a form acceptable to the Corporation Counsel?

Council Member Tompkins moved that the communication be received and filed and the recommendation approved.

CONTRACT: JEFFERSON APARTMENT BUILDING, NEW PARKING

Agenda Item #5

The Niagara Falls Urban Renewal Agency ("NFURA") has had a lease agreement in place with the Jefferson Apartment Building since September of 2000. This lease agreement called for the Jefferson to lease a portion of real property abutting the Jefferson Apartment Building to the north and having dimensions of 100 feet by 132 feet. The Jefferson paid \$300.00 per month as rent. The City Council recently approved an amendment to the agreement with the NFURA to give the City the total control of the Third Street lot.

Because the owner of the Jefferson Apartment Building wanted to renegotiate certain terms of the lease agreement, discussions resulted in reconfiguring the complete agreement. Attached hereto (on file in the City Clerk's Office) is a copy of the proposed agreement which calls for the Jefferson Apartment Building to acquire from the City fifty-five (55) parking permits at the current rate of \$40.00 per permit per month which is the existing rate. The term is for ten (10) years with four (4) five-year renewal terms. The agreement also calls for periodic increases in rates.

Will the Council so approve and authorize the Mayor to execute a parking agreement in form and substance satisfactory to the Corporation Counsel?

CONTRACT: LETTER OF AWARD FOR CONSULTANT SERVICES AGREEMENT FOR BRIDGE NY PROGRAM, DIDONATO ASSOCIATES

Agenda Item #9

Based upon the New York State Department of Transportation standard merit selection procedures, DiDonato Associates Engineering & Architecture, P.C. has been selected as the City's consultant for the above referenced program.

The scope of work for the consultant will consist of preparing the application for New York State BridgeNY funding. Subsequent phases of the project based on the award amount, will consist of Design, Bid, Award & Construction Inspection. NYSDOT will provide 95% of the total project costs, not to exceed the project award amount.

The BridgeNY project is being implemented by New York State DOT focusing on bridges in poor structural condition. The goal would be to address deficiencies with at least one bridge in each of the next two years of the program. Typically these bridges are over rail lines that incur additional cost that would be prohibitive for the City to undertake without New York State sponsor assistance.

It is the recommendation of the undersign that the Application Preparation Phase be awarded to DiDonato Associates Engineering & Architecture, P.C. at a not to exceed cost of \$4,200.00. Funding is available in the City Engineering Consultant line A1440.0000.0451.000.

THE FOLLOWING COMMUNICATIONS WERE SUBMITTED BY THE MAYOR

CONTRACT: MAILING SYSTEM, CLERK'S OFFICE, LINEAGE BUFFALO

Agenda Item #2

We respectfully request you authorize the Mayor to enter into lease and service agreements as follows:

WITH: Lineage Buffalo
150 Lawrence Bell Drive, Suite 100
Williamsville, New York 14221

FOR: 63 month lease of a Neopost IS-6000A mailing system
including training, service and maintenance
\$618.83/month

This equipment is available through a National Joint Powers Alliance Contract (No. 041917-NPI). The City is eligible to utilize this contract pursuant to Section 103 of the General Municipal Law and the City's membership in the NJPA. The maintenance pricing utilizes New York State Contract #PC67336. (Lease on file in the City Clerk's Office)

The new equipment will replace the existing mailing system which is subject to an expiring lease. The mailing system is vital to City operations and it is important that the Clerk's Office has uninterrupted use of such a system. The ability to utilize State Contract and NJPA Contract pricing resulted in a significant monthly savings to the City.

Funds for this expenditure are available in the City Clerk's Office budget under code A.1410.0000.0440.599.

COMMUNITY DEVELOPMENT: CITIZENS BANK, ZOMBIE FIGHT PROJECT, SETTLEMENT AGREEMENT/RELEASE

Agenda Item #6

The administration recommends Niagara Falls City Council support, by approval of this agenda item, of a "Settlement Agreement and Release" between the City of Niagara Falls and Citizens Bank, N.A. This settlement would resolve the City's pending lawsuit against Citizens Financial Group, Inc. and Citizens Bank, N.A. in the United States District Court for the Western District of New York. This lawsuit was the result of the Niagara Falls Community Development Department's Zombie Fight Project's targeted approach to vacant bank foreclosure properties.

As part of the settlement, Citizens Bank agrees to move to expedite all foreclosures on abandoned properties in the City of Niagara Falls. Citizens Bank will move for expedited entry of a judgment of foreclosure and sale within sixty (60) days after the last date of default for all defendants, assuming no defendant submits an answer or otherwise appears. Citizens Bank also agrees to directly notify the City of Niagara Falls of the sale of all of its bank foreclosure sales 30 days prior to the auction date. The City of Niagara Falls agrees to support expedited foreclosure efforts including the filing of supporting affidavits or other documents and attending expedited foreclosure motion hearings, if reasonably requested by Citizens or its foreclosure attorney(s) to do so.

At the start of the Niagara Falls Zombie Fight Project in April 2017, Citizens Bank had seven properties in the foreclosure process, classified as "zombies." Citizens has completed the foreclosure of three of those properties, and the City foreclosed on one property due to failure to pay taxes.

This settlement is a tactical victory for the Niagara Falls Zombie Fight Project and the City of Niagara Falls. Prior to this project, identifying foreclosure properties, enforcing local codes and establishing direct lines of communications with banks was difficult. The Zombie Fight Project, as illustrated by the filing of City of Niagara Falls, New York v. Citizens Financial Group Inc. and Citizens Bank, National Association is using the New York State Zombie Property and Foreclosure Prevention law to better enforce local building codes and create specific plans of action to address and eliminate zombie properties in this community. It is also the first time that the City of Niagara Falls has entered into a settlement agreement that sets foreclosure parameters for a banking institution doing business in the City of Niagara Falls. Niagara Falls Community Development views the agreement's language as legal tool that can be used to create agreements with other banking institutions that are out of compliance with the New York State Zombie Property and Foreclosure Prevention law as well as local ordinances.

Will the Niagara Falls City Council support this settlement by approval of this agenda item, and allow the City of Niagara Falls to execute the settlement in a form acceptable to the Corporation Counsel?

The budget for all work included in this program is approximately \$1,345,000.00. NYSDOT has identified components of the project not eligible for reimbursement. In order to receive our full funding the City would need to contribute \$145,000.00 to match the grant application budget.

The PSAP project is being implemented cooperatively by New York State DOT focusing on engineering improvements that will upgrade any existing pedestrian crossing to the new Federal/State safety standards and are 100% New York State reimbursable.

RESOLUTION: CHAPTER 341, AMENDING, "VENDORS AND PEDDLERS", 2018-24
BY: ALL COUNCIL MEMBERS

Agenda Item #17

BE IT RESOLVED, by the City Council of the City of Niagara Falls, New York that Chapter 341 of the Codified Ordinances entitled "Vendors and Peddlers" is hereby amended to read as follows:

• • •

341.17 Special Downtown Vending District

(a) Intent. It is found and declared that:
