This Application Packet includes the following

1. Introduction to Level One Site Plan Review Process
2. Site Plan Review, Level One, Applicant Checklist
3. Site Plan Review Application Form
4. Environmental Assessment Form (EAF) Instructions

Dear Applicant,

Welcome to the Level One Site Plan Review Process. You are applying for a Level One Site Plan Review because your project is;

- (1) gross floor area less than 1,000sq/ft (residential) or 2,500 sq/ft (commercial),
- (2) a minor modification to a telecom facility,
- (3) is located within an Overlay District (Waterfront District, Design District),
- (4) a modification to an existing site plan.

It is important that you speak with a staff member in the Planning Office to determine if your project requires Site Plan Review prior to beginning the application process.

The procedure for Level One Site Plan Review is simple. However, we recommended that you schedule a Pre-Application Conference with the Planning Office to ensure a smooth application process. During this initial review we will make sure you have all the required materials needed for a speedy approval; including fees, zoning variances, financial bonds, and/or additional requested materials. Please call or email to schedule your Pre-Application Conference today! Every applicant must submit a signed Site Plan Review Application with all requested materials and a signed Site Plan Review Applicant Checklist. You must submit material electronically and hardcopy. After the Planning Office receives a completed application and checklist you will receive a determination within ten (10) days.

Please feel free to call or email the Planning Office if you have any questions about the application process.
