

PLOT PLAN

INSTRUCTIONS: Add any offsets or additions to house. Indicate location of either attached or detached garage and location of driveway. Indicate location of all other existing structures such as swimming pools, sheds, etc. and the proposed location of the applied structure. Provide measurements of the entire lot, the backyard, setbacks, dimensions of all structures and their distance from the lot lines. Indicate fences by a series of X's, indication proposed or existing. If a corner lot, indicate the abutting street on the appropriate side of the plot plan.
