

Chapter 166, STEETS AND SIDEWALKS

§ 166-4. Removal of snow and other debris.

It shall be unlawful for the occupant of any lot or lots, or the owner of any vacant lot or lots within the corporate limits, to allow snow, sleet, mud, ice or other substance to remain on their sidewalks. All sidewalks shall be cleaned within five hours after the cessation of a storm, unless the storm or fall of snow shall have taken place during the night, in which case the sidewalk shall be cleaned before 8:30 a.m. the following day. In the event that the owner fails to clean the sidewalk the Director of Public Works shall notify him personally, or by attaching a written notice to the property, to immediately clean said sidewalks. Failure to do so shall give the Director of Public Works the option of cleaning the sidewalk and charging the expense against the property to be recovered by proper action in the name of the municipality or by special assessment.
