

Administrative Policy
ABOVE GROUND SWIMMING POOLS
Water Division – A612

Effective Date:

June, 2012

Revised Date:

August, 2014

SEASONAL ABOVE GROUND SWIMMING POOLS

Summary

The current Town of Payson code prohibits the construction of new outdoor swimming pools (above or below grade). Each year the Water Division receives numerous inquiries and complaints concerning inflatable swimming pools appearing in residential neighborhoods. When the ordinance was written it was not intended to prohibit temporary structures that were put in place each year for outdoor recreation. These guidelines will clarify what is considered a temporary structure. (Note: This policy has been voided per Ordinance 846 which removed the restriction on outdoor swimming pools)

Process

Residential above ground swimming pools will be allowed if:

- 1) The pool does not exceed 5,000 gallons
- 2) The pool is a temporary structure erected between the months of May and September
- 3) The pool is for private, residential use.
