

IMPORTANT INFORMATION

SAFETY

Statement of Policy

The City of Sharonville Parks and Recreation Department is dedicated to providing a safe recreational environment by providing safe equipment and facilities, first aid and medical service and disaster information. To accomplish this, every reasonable effort will be made for accident prevention and health preservation through safety policies and procedures. These efforts include the high quality of our past safety standards and continuing programs with safety as our prime responsibility and goal.

Disaster Preparedness

The Sharonville Community Center has been designated a "Red Cross Disaster Shelter". All programs, meetings, scheduled events, rentals etc. may be canceled until the emergency is over.

Americans with Disabilities Act

This landmark civil rights legislation went into effect January 26, 1992. It is a significant step forward in the effort to make our society's services and opportunities fully available to all Americans by combating the barriers that confront those of us with special challenges and needs.

The City of Sharonville welcomes all individuals and families from our community to participate and enjoy programs and facilities regardless of race, color, religion, sex, national origin or disability.

If you are a person with a special need and would like more information and support for accessibility of programs and facilities, please give us a call at 563-2895.

Evacuation Plan

This facility is equipped with an approved evacuation plan in which all employees have been trained. For a complete diagram of the evacuation procedures, please see the information desk.
