For Immediate Release **Public Information Division**

Computer Recycling From Home ***At Home Pickup Program* for SWANCC Residents**

The Solid Waste Agency of Northern Cook County (SWANCC) offers a convenient way to recycle electronic equipment for residents of its member communities, which includes Skokie. The *At Home Pickup Program* is an option for residents who would prefer to have their equipment picked up from their front steps rather than drive to a drop-off location. This program has three more pickup weeks through October 2010.

The *At Home Pickup Program* has diverted over 165,100 pounds of computer e-waste from the landfill since the program began in 2007.

Any SWANCC resident who has front door access (no apartments or condos) can arrange for a pickup. Residents will pay \$25 via credit card to offset program costs, and can recycle 6 items per pickup. A list of acceptable items is available at swancc.org. No individual item can exceed 50 pounds. Cell phones and calculators can be recycled, but do not count as "items".

On the scheduled pickup day, items must be placed on the front porch or steps, tagged with provided signage, by 7:30 a.m.

To schedule a pickup or for more information please visit swancc.org.
