If yes, what have those changes been? _____
Does the yard flooding affect any adjacent properties? Yes ___ No ___
How many properties on your block do you estimate are affected by the flooding problem? _____

PUMP LENDING PROGRAM REQUIREMENTS AND AGREEMENTS

1. I understand that the pump loan program is for only a one-year period and is intended to reduce emergency yard flooding. As an applicant I will be expected to work with the Village to develop a permanent solution to the drainage problem.
2. I agree to allow Village employees on my property for inspection and other purposes related to the use of the pump.
3. The Village will provide the pump free of charge upon my submittal of the required security deposit. As the homeowner I will be responsible for operating the pump in compliance with the manufacturer's operating instructions and verbal instructions received from the Village. I will also be responsible for the moving of the pump as necessary to properly drain my yard. I also understand that the pump cannot be used for standing water less than 2 inches deep.
4. I agree to call the Village at 933-8427 to have the pump picked up when the flooding problem has been corrected. The Village may retrieve pumps if held for more than 48 hours to be used elsewhere if flooding problems develop in other locations, unless an extension is received from the Public Works Department.
5. I understand that the use of the pumps is strictly for exterior use, for the removal of floodwaters from the yard. That the pump is not to be used within the home, and is not to be used, nor is it intended for use in removing water from a basement.
6. I understand and acknowledge that my participation in the Village of Skokie Yard Flooding Assistance Program in which pumps are loaned to me for the purpose of removing flood waters from my yard is strictly voluntary and one which I have requested of the Village. I acknowledge my participation in this program involves certain risks, and agree by my signature below to assume full responsibility for my participation in this program and the equipment loaned to me by the Village. I release the Village of Skokie, its staff, officers, representatives and agents from any and all claims, demands or causes of action of any type or nature, and any and all liability arising out of my participation in the Yard Flooding Assistance Program.
