

Bruce Urbon (Parks Forman) contact information: (860)763-8234 – Office, parks@somersct.gov

Update:

1. Field Road Park:

- a. Grass is establishing well at field five, and along the banks of the new parking lot,
- b. Dugouts are being repaired and painted,
- c. After aeration and fertilization, new field eight is showing considerable improvement.

2. Intersection improvements Ninth District Road / Main Street:

Both Concrete Box Culverts will be in place and backfilled for the opening of School on August 27th but, the concrete wing walls will still need to be constructed. Steel sheeting and jersey barriers will be utilized to protect the excavation areas allowing the **road to be opened starting on August 27th with police regulated alternating one way traffic from 7:00 A.M. to 4:00 P.M., Monday thru Friday**, with the road being totally closed during the nights and weekends. It will be closed for safety reasons and so the contractor can get more work completed after regular working hours. All of the Ninth District Road work is scheduled to be finished by the end of September.

Vandalism Report:

Over the last few months we have noticed off-road vehicles using the back of the Sokol Road soccer field. As you may know this area is a community septic system and very vulnerable to damage. In an effort to stop these vehicles from causing further damage we installed concrete blocks on the paths leading to the field. Unfortunately this did not stop the continued damage. If you or anyone you know witnesses off road vehicles driving on or near Sokol Road field, please report it to the Somers Police Department at (860)749-4955.

Respectfully Submitted,

Todd Rolland

Director of Public Works
