

## LEGAL NOTICE

The Somers Water Pollution Control Authority shall hold a public hearing on March 6, 2012 at 7:15 PM, to take public comment on the following matters:

1. An amendment to Sections 204-11 and 204-12 of the Water Ordinance by revision of the following language:

204-11. Subdivision or newly created lots.

Each new lot, whether created by subdivision or otherwise, and whether located on newly constructed or existing town roads, shall be charged a one-time connection fee of Two Thousand Six Hundred (\$2,600.00) Dollars per EDU as determined pursuant to Section 204-3 of these regulations. All new mains installed by any developer shall become property of the water company when the development is accepted by the town.

204-12. Permit Fee

In the case of all new service connections, a one time system permit fee of two hundred dollars (\$200.00) per connection, as determined by Section 204-3. of these regulations, will be charged.

A copy of the proposed amendments are located in the Town Clerk's office for public review.

Dated this 10<sup>th</sup> day of February, 2012.

James Botellio, Chairman  
Somers Water Pollution Control Authority

Publication date: February 13, 2012
