

SOMERS PRISON LIAISON/PUBLIC SAFETY COMMITTEE  
PUBLIC ANNOUNCEMENT  
**PRISON PHONE ALERT SYSTEM**

The Somers Prison Liaison/Public Safety Committee would like to extend to all residents of Somers the opportunity to have your name and phone number placed on the Department of Corrections (DOC) phone notification system. We are proud of the degree of safety that the DOC has maintained throughout the years and wish to educate residents of the phone notification system.

The DOC phone notification system purpose is to provide, via a phone call to residents who have signed up with the DOC, an automated message informing residents of an actual emergency, a non-emergency drill or simulation, or a periodic system test phone call. Residents will receive a periodic system test phone call to ensure the viability of the system.
