Any surplus remaining from each capital project shall be designated for the Town's general fund.

§ 62-4. Limitations.

- A. It is the express intent of this chapter that the Committee herein created shall not be responsible for the care, maintenance or operation of any public buildings, lands, apparatus or other such public property but rather shall address only capital expenditures for public building projects. Where a conflict arises as to the definitions of "care," "maintenance" or "operation," there shall be a conclusive presumption that if the needed expenditure for any project or cause shall exceed \$10,000, it is not care, maintenance or operation, and if the needed expenditure for any project or cause is \$10,000 or less, it is conclusively presumed to be care, maintenance or operation.
- B. Said Committee shall not have the authority, without prior approval of both the Town Treasurer and the Board of Selectmen, to transfer any unexpended sum within its budget from one project to another project.
- C. The Board of Selectmen may remove any member for cause and may fill any vacancy to complete any unexpired term in accordance with Town Charter Chapter V, §§ 5-1, 5-2, 5-4, 5-22 and 5-23.
