#### PURPOSE OF THE PERFORMANCE MANAGEMENT PLANNING SYSTEM

- facilitate joint planning between an exempt-level employee and director/supervising manager on what the employee is expected to accomplish.
- establish clear, achievable, measurable, results-oriented performance objectives, consistent with the agency's priorities and mission, and considered fair by both the exempt-level employee and the director/ supervising manager.
- promote ongoing communication between the exempt-level employee and the director/supervising manager concerning expectations, how well the employee is meeting these expectations, and what steps must be taken to ensure that objectives are met.
- guide regular evaluations of progress and promotion of the exempt-level employee's professional development. Identify corrective action needed when the employee has not accomplished a performance objective.
- provide a basis for differentiating among levels of performance and thus serve as a basis for an
  incentive salary increase or bonus payment (increase/bonus applies only to employees not under a
  collective bargaining agreement).
- improve individual job performance and thereby increase the quality and effectiveness of town services.

## **GOALS AND OBJECTIVES - THE PLANNING PROCESS**

The director/supervising manager, together with the exempt-level employee, will list the employee's performance objectives for the fiscal year in order of priority. Each objective should state what the employee plans to accomplish given the department's and the town's goals for the period, identify performance measures to determine whether the objectives are accomplished, and specify the target date for completion. (Use additional sheets if necessary.)

# **PROGRESS REVIEW - THE COMMUNICATION PROCESS**

In addition to informal discussions of progress, the director/supervising manager should periodically review the progress toward meeting objectives set by each exempt-level employee. Quarterly reviews are recommended. The purpose of this discussion is to review accomplishments, identify obstacles, determine appropriate future actions, and, if necessary, to review objectives.

## **ANNUAL REVIEW - THE EVALUATION PROCESS**

The director/supervising manager will determine, after discussion with the exempt-level employee, the final performance rating for each objective and the composite rating. It is important to note that each composite rating must be finally considered in the context of all other town exempt-level employees.
